

ATM STATISTICS: ANOTHER MONTH OF GROWTH

MARCH 2011 VS. MARCH 2010 BY MEMBER

In March 2011, 38 of the 47 reporting Members recorded growth, continuing the positive trend so far this year. Most notably, CARC Jordan controlled just over 36% more movements than the equivalent period last year.

At the other end of the scale, BULATSA reported that it controlled nearly 8% fewer movements while the FAA controlled nearly 2.6% fewer movements.
